John R. Ford, the chief deputy collector of customs, is a most efficient aid to Collector McNeill.

Tom N. Donnelly would make a good Mayor. He is popular with everybody.

Collector Smietanka is making a good record in the Internal Revenue office.

Judge John M. O'Connor pleases his thousands of friends by his fine record in the Superior Court.

Charles S. Thomas, the popular proprietor of the big Franklin Desk Company is talked of by many of his thousands of friends as a man who would make a good City Treasurer. He would dignify any public office.

Edward Osgood Brown should be elected to the Superior bench this year.

Wheeler & Co., the popular clothiers at 135 South State street, over Peacock's, are doing an immense business. Their credit system makes many friends and patrons for them.

Frank J. Hogan has made a great record as attorney for the Fire Department. He is always looking after the interest of the people.

Charles J. Zeller, district sales manager for the famous Philip Morris &

Co. cigarette, is building up a fine Chicago business.

Alderman Henry Utpatel is one of the ablest and most forceful men in the city council.

John T. Murray, the well known and popular lawyer, would make a good judge.

The City should be redistricted at once, according to law. The wards should be equalized according to population. The First ward only has 50,682 inhabitants, while the Twenty-seventh has 94,360. Six of the wards contain 75,000 people. The Fifteenth has 80,532; the Twenty-fifth has 86,104; the Twenty-ninth, 85,691; the Thirty-third, 83,229.

William Duff Hayne is popular with railroad men, lawyers and the general public.

Colonel Frank O. Lowden is looking up as a Republican candidate for governor.

The so-called Chicago technical high schools for teaching "trades," turn out one good product to ten loafers in their output. They should be abolished and the millions wasted upon them spent for giving children a decent education along real educational lines.

Chicago is taxed nearly to death and there is more coming.

The Federal Government outside of its special taxes levies an income tax and a Corporation tax.

The other taxes in Chicago are levied by the following bodies:

State Tax—For state purposes. The governor, auditor and treasurer constitute the board which ascertains the rate per cent required to produce the amount of taxes levied by the general assembly. The "state school tax" is levied in the same manner.

County Tax—The county board levies the taxes for all county purposes.

City Tax—The city council, acting with the mayor, levies the taxes for all city purposes.

School Tax—The city council and the mayor make a separate levy for this purpose.

Library Tax—The city council and the mayor make a separate levy for this purpose.

Sanitary District—The tax is levied by the board of trustees.

South Park System—The South Park Commissioners levy for park purposes in the towns of South Chicago, Hyde Park and Lake.

West Park System—The West Chicago Park Commissioners levy for park purposes in the town of West Chicago.

Lincoln Park—The Lincoln Park Commissioners are not "corporate authorities," the Lincoln Park act not having been adopted by popular vote. The levy for Lincoln Park is made by the county treasurer, acting as ex officio supervisor.

Ridge Park—A small park district in Rogers Park, organized under the law providing for local park districts by popular vote. The board of five commissioners levies for the district.

The North Shore Park District—Organized the same as Ridge Park.

Thomas J. Sauerman, the popular successor of John Fehn, who for nearly sixty years kept the finest saloon and restaurant on the north side, at Ohio and North Clark streets, is keeping up the high ideals of the place. Mr. Sauerman was for thirty years Mr. Fehn's lieutenant, and the high class of custom he attracts by his strict attention to their needs is appreciated by the public.

CALL JUDGE

BROWN BACK

One of the Best Judges That the Circuit or Appellate Court Ever Had.

Everybody realizes that a great mistake was made when Judge Edward Osgood Brown was not re-elected to the Circuit bench last summer. There is a chance to rectify this error next June. Judge Brown should be elected to the Superior court.

Corsiglia Brothers' fine restaurant, at the Southwest corner of Orleans & Illinois streets, is a great favorite with hundreds of the big business men and manufacturers in the vicinity. Corsiglia Brothers have long held a great name for their unrivaled Italian cooking. Their Spaghetti and Ravioli have won well deserved reputations on account of their excellence.

Alderman John Powers is invincible in the Nineteenth.

James J. Brady has made a clean record as State Auditor.

Chicago gives to its people the poorest water service of any city in the world for the money they pay for it. With an exhaustless body of fresh water at her door Chicago is constantly talking about installing water meters in every flat and in every home to stop "waste." This is in the face of the fact that the enormous surplus in the water fund is constantly being appropriated to meet other expenses of the city government instead of being used to extend and build up the water system. Water meters in every flat in Chicago would bring on a pestilence in this big city in a short time.

Every man who talks of water meters or water waste in the homes of Chicago should be charged as a public enemy.

The people cannot have too much water.

To limit its use means pestilence and disease.

New York goes 168 miles for fresh water and the great aqueduct which carries it to her people cost over \$500,000,000. It is one of the marvels of modern times and ranks alongside of the Panama Canal as one of the wonders of the world.

Liverpool, England, is supplied with fresh water by an aqueduct which brings a supply from Wales and yet there is no talk of "waste" over there. Other European cities go even farther for their supply of water.

But Chicago, with an abundance at hand, is always howling about "waste."

An enormous sum is diverted from the water fund every year to supply the wants of other city departments as you can learn from the recommendations of the finance committee to the city council in the printed council reports.

If the water fund was properly used, a pumping station could be built at the lake end of every section line in the city.

If this was done you would hear no more about "water waste" and the necessity for meters in every house.

The battle of 1916 is on!

The dates are all set for the big fight.

The presidential primary—with the direct selection of delegates from each district, together with eight delegates at large to be chosen from the entire state—will be held on April 11. The primary for the nomination of state officers, congressmen, members of the legislature, and county offices will be held on September 13, the first Wednesday after the second Tuesday.

Walter Clyde Jones made an honorable and useful record in the State Senate. He would make a good judge.

Olive oil is a food, a medicine, a condiment, a garnish and a joy for ever. Its growing popularity bespeaks a great increase in the good health of the American people. It is fine for the human system; wards off disease, prevents appendicitis, cures constipation and insures good digestion. The best olive oil in the world comes from the old grand duchy of Lucca in Italy. In Lucca the finest olives on earth grow. The greatest importer of Lucca olive oil in Chicago, as everybody knows, is Albert Zeil of 440 Orleans street. If you want to order this toothsome, wholesome and genuine Lucca olive oil, call up Albert Zeil, Main 1035. He delivers it over Chicago and suburbs without extra charge.

The Chicago Automobile Club, the finest and strongest automobile club in the country, is campaigning for new members. It ought to get three thousand more at once, for it is a real club with a real purpose.

M. Henry Guerin, the popular lawyer, is much talked of for judicial honors.

Harry W. Cooper of 2131 Michigan avenue, whose standard tires are favorites with everybody, reports a fine autumn business.

John R. Caverly's record on the Municipal bench is worthy of all praise.

Wilhelm Engel, the well known cigar manufacturer of 1936 Mohawk street offers a very superior cigar in both his "La Suabia" and "Rambus" brands.

Peter M. Hoffman, the efficient coroner, is an official who grows more popular with the public every year. He is the greatest vote getter in the Republican party.
